SOUL CITY OFFLINE

Going Deeper into Transformation

"Voices: Week 1"

July 5th, 2020

1. Prayer (2-5 minutes)

Find a quiet, comfortable place to sit, and open up your time in prayer. Invite the Holy Spirit to lead your time of reflection.

2. Discussion (5-10 minutes)

Take some time to reflect on each of these questions. You can write your answers in a journal, on your phone, or feel free to just reflect...

- Nicky shared a bit of his story of how he came to start following Jesus. Take a few minutes to reflect on your story of how you came to where you are currently at in your faith journey.

- Nicky shared how the Alpha Course is seeing growing faith in so many of its participants. How have you seen your faith either challenged or grown during the COVID-19 pandemic?

- The three basic human needs Nicky described are *purpose, love,* and *community*. Which of these needs do you feel is being met well right now in your life, and how? Which of these needs is missing or not being met well in your life right now?

3. Brainstorm (5 minutes)

This weekend, we heard, "*This is not a moment for the church to retreat. This is a moment for the Kingdom of God to advance*." Take some time as a group to reflect on how you feel the Kingdom of God needs to advance in this moment via the church. Write the ideas and inspiration down…

4. Prayer (5 minutes)

Finish your time of reflection in prayer. Thank the Holy Spirit for his presence with you right where you are in your home.
